

Resource Library Field Sheet

Use this sheet to choose the right Storefront Field Guide resource and keep the decision visible. It is for live work, not template collecting.

BEST FOR

Teams using several worksheets during migration, audit, app selection or collection work.

USE WHEN

Use when notes are scattered across Slack, email, spreadsheets and memory.

Choose one primary record

SITUATION	PRIMARY RESOURCE	SUPPORTING RESOURCE
Migration planning	Migration Risk Register	Redirect Mapping Sheet
Launch week	Migration QA Checklist	Launch Day Command Centre
Live SEO audit	Shopify SEO Audit Checklist	Collection Page Optimisation Template
App decision	App Bloat Scorecard	Tool Choice Filter

Make the resource useful

- Add an owner.
- Add the date the evidence was checked.
- Add the affected URL or page type.
- Add the risk level.
- Add the next action.
- Add a review date so the sheet does not become a museum exhibit.
